PROFILE

Since turning my passion into a career, I have been writing code that powers websites, web-apps and mobile-apps. I have a huge thirst for learning new skills, and I strive to continue challenging myself. Understanding the business aspects of my work, and what makes money, is always at the forefront of my mind. I'm currently seeking a permanent role within an exciting company with a clear career path.

EXPERIENCE

Full-Stack Developer

Circular Wave

September 2018 – Present London

- As part of an agile team, I build and maintain the core features of the platform. The technology stack consists of a React web application, a React Native mobile application, as well as Node.JS microservices on the backend with a PostgreSQL database
- I follow Scrum methodologies, such as regular refinement meetings with the project owner and the development team to flesh out user stories from feature specifications
- I participate in regular peer code reviewing sessions

Post-Production Audio Engineer

Jungle Studios

November 2013 – July 2018 London

- I was the lead voice director, sound designer and mixer for Nickelodeon's Shimmer and Shine TV series in one of London's top post production studios
- I was frequently collaborating with a team of producers, creatives and editors to ensure episodes were delivered according to strict deadlines at broadcast quality

A DAY OF MY LIFE

MY LIFE PHILOSOPHY

"Do not fear failure but rather fear not trying."

MOST PROUD OF

Courage I had

to take the plunge and begin a new career as a software developer

Database migration

from NoSQL to a SQL database. I helped migrate whilst maintaining data on both databases during a transition period

Support to Covid-19 vaccination programme

by providing software to manage workforces throughout the pandemic

SKILLS AND STRENGTHS

- JavaScript
- TypeScript
- ReactJS
- React Native
- SQL databases (PostgreSQL)
- Schema design
- NoSQL databases (MongoDB)
- Node.js
- Git and GitHub
- Modern CSS and responsive design
- Clear communicator
- Eye for detail
- Team player
- Problem solver

EDUCATION

BSc (Hons) 2:1, Sound Design Technology

University Of Hertfordshire

2006 – June 2009

ABOUT ME

When off the screen, I love to collect vinyl and discover new music. As a teenager I was lucky enough to tour around Europe in a jazz band playing the trumpet. From a young age, I've been a big supporter of one of the loves of my life - Tottenham Hotspur!
